### NEXT WEEK IS COUNTY FAIR WEEK FOR CHESTERFIELD COUNTY

Next Wednesday the gates to the big Chesterfield County Fair will swing open to the public for four days of fun and frolic. There is more interest being taken in the County Fair this year than ever before and reports from all over the county are to the effect that record breaking crowds will attend the fourth annual Fair in Chesterfield next week.

A force of carpenters are now busy at the Fair grounds putting everything in ship-shape. The live stock and cattle buildings have been overhauled. The kitchen department has been enlarged. A new pump has been put down to furnish water; and all convenient accessories to the Fair grounds have been put in place.

The large brick cotton warehouse of the Chesterfield Warehouse Company has been leased and the Fair grounds fence has been extended to take in this building. The warehouse will be used to house the Fair exhibits, the household art department, the boys' corn and pig clubs, the girls' canning club exhibits and the automobile show. Also the Community Fair exhibits.

A great many farmers of the county are preparing to compete for the handsome cash prizes for best individual farm display; and the three Community Fairs that are being held in the county this week will each place an exhibit to compete for the Community Fair prizes.

It is confidently believed that the agricultural exhibits that will be on display at the County Fair next week will equal, if not exceed, those of any other county fair in South Carolina this year, and will be second only to the famous agricultural exhibits at the State fair.

While the County Fair is held primarily to exploit the agricultural resources of Chesterfield County, the

management appreciates the fact that at this season of the year, the harvest time, the people are looking for recreation and amusement; and, in response to this feeling, they have contracted with the Dorman and Krause Carnival Company to bring their solid train of fourteen cars, fifteen shows and riding devices to the County Fair. These shows are the best of their kind and include a "Water and Diving Girl Show," "A Circus Side Show," "Dog and Pony Show," "Crazy House," "Musical Beers," "Plantation," "World in Motion," "Human Silhouette," "Ten-in-One," "Ferris Wheel," "Circle Swing" and \$10.00 four-abreast "Merry-go-Round," and the "Whip," the latest sensation in a riding device.

An aeronaut will make a balloon ascension one mile into the air each day from the Fair grounds, and make a parachute drop from this great height. This is a real thriller and is offered by the Fair Association at a heavy cost to themselves as a free attraction to the public.

Another free attraction will be Billy Klein, the champion high diver of the world, who will each day dive from the top of a 96-foot ladder into a tank of water only 54 inches deep. The officers and superintendents of the Fair will each wear a badge so the public will know who to ask for any information desired. The superintendents of the various departments are as follows:

Household Art Department—Mrs. J. W. Hanna.  
Home Demonstration and Kitchen Department—Miss Stella Mims.  
General Farm Department, W. J. Odom.  
Boys' Corn Clubs—W. J. Tiller.  
Live Stock, Cattle and Swine Department—F. W. Rivers.  
Poultry Department—J. W. Hanna.  
Riding and Driving—P. A. Murray.

#### HONOR ROLLS

The Advertiser would like to publish the honor roll of every school in the county. Teachers are invited to send these lists of honor pupils regularly together with any other school or community news they see fit.

We suggest that the teachers encourage the pupils in original composition by having them collect the news happenings of the community, writing them as best they can and submitting them to the teacher, who shall arrange and send same to The Advertiser for publication. The name of the school and class furnishing this news letter should be given.
